

HOME SCHOOL PROGRAM

Streamline Aquatics Home School Program is designed to accommodate all different levels of swimming. We aim to provide a fun and exciting environment. Our coaching staff shares their love of the sport and maintains an atmosphere of team spirit and unity. Our team is a USA Swimming competitive swim team offering high quality professional coaching and technique instruction for all school ages and abilities. The goal of our team is to provide every member an opportunity to improve swimming skills and achieve success at his or her level of ability, from novice to national competitor. We believe that home school students should have the right to compete in swimming for recognition and college scholarships. Athletes in this program must be home schooled and students in kindergarten through high school. Our home school program runs September-May with the opportunity to swim our club team during the summer with no additional registration fees.
